# What's Included

## *In my 8 week Signature Lift & Sculpt Program*

### *9 x Osteolifting Facial Massage Sessions as the Core Sessions*

These are where the magic happens! Osteolifting targets the very foundation of your facial structure ~ the bones, muscles, and connective tissues that determine how young and lifted your face looks.

Instead of just working on the surface, this technique uses 5 specialized methods that address different layers of your face:

- ~ Releasing tight facial muscles that create wrinkles
- ~ Gentle bone work that restores natural facial proportions
- ~ Deep tissue techniques that boost circulation and skin elasticity
- ~ Sculptural movements that naturally lift and contour

### *What You'll notice:*

- ~ Smoother, firmer skin that feels more elastic
- ~ A naturally lifted facial contour without surgery
- ~ Brighter, more radiant complexion
- ~ Reduced tension and better sleep as a bonus

### *1 x 24K Gold Facial*

#### ***A luxurious firming and lifting Facial treatment powered by 24K Gold***

- ~ Infused with 24K Gold – Known for its ability to brighten, revitalise and energise the skin, gold particles help stimulate circulation, reduce redness, and leave skin with a radiant glow.
- ~ Deep Hydration Boost – Locks in moisture and replenishes the skin barrier, perfect for dehydrated or fatigued skin.
- ~ Anti-Ageing Support – Helps reduce the appearance of fine lines, firming the skin and improving elasticity for a youthful finish.

### *8 x Targeted Boosters Included*

- ~ 4 x AHA Enzyme Exfoliations
- ~ 2 x Specialised masks
- ~ 2 x Specific high performance serums

### *Package Exclusive Bonuses*
